

dunetpc - Feature #13782

Switch production to the new dataprep for dual phase

09/07/2016 08:59 AM - David Adams

Status:	Closed	Start date:	09/07/2016
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
The dataprep (caldata) module has been rewritten as described in #12701 . The production fcl for the dual-phase simulation should be updated to use this new dataprep.
